

ANNEX II

RESERVATIONS FOR FUTURE MEASURES

Schedule of the European Union

Headnotes

1. The Schedule of the European Union sets out, under Article 8.12 and Article 8.18, the reservations taken by the European Union with respect to future measures that do not conform with obligations imposed by:
 - (a) Article 8.7 or 8.15;
 - (b) Article 8.8 or 8.16;
 - (c) Article 8.9 or 8.17;

- (d) Article 8.10; or
 - (e) Article 8.11.
2. The reservations of a Party are without prejudice to the rights and obligations of the Parties under GATS.
3. Each reservation sets out the following elements:
- (a) "sector" refers to the general sector in which the reservation is taken;
 - (b) "sub-sector" refers to the specific sector in which the reservation is taken;
 - (c) "industry classification" refers, where applicable, to the activity covered by the reservation according to the CPC, ISIC Rev. 3.1, or as expressly otherwise described in a Party's reservation;
 - (d) "type of reservation" specifies the obligation referred to in paragraph 1 for which a reservation is taken;

- (e) "description" sets out the scope of the sector, sub-sector or activities covered by the reservation; and
 - (f) "existing measures" identifies, for transparency purposes, existing measures that apply to the sector, sub-sector or activities covered by the reservation.
4. In the interpretation of a reservation, all elements of the reservation shall be considered. The "description" element shall prevail over all other elements.
 5. A reservation taken at the level of the European Union applies to a measure of the European Union and of a Member State of the European Union at the central level, as well as a measure of a government within a Member State of the European Union, unless the reservation excludes a Member State of the European Union. A reservation taken by a Member State of the European Union applies to a measure of a government at the central, regional or local level within that Member State. For the purposes of the reservations of Belgium, the central level of government covers the federal government and the governments of the Regions and the Communities as each of them holds equipollent legislative powers. For the purposes of the reservations of the European Union and its Member States, a regional level of government in Finland means the Åland Islands.

6. This schedule applies only to the territories of the European Union in accordance with subparagraph 1(a) of Article 1.3 and is only relevant in the context of trade relations between the European Union and its Member States with Japan. It does not affect the rights and obligations of the Member States under European Union law.

7. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures where they do not constitute a market access or a national treatment limitation within the meaning of Articles 8.7, 8.8, 8.15 and 8.16. Those measures (e.g. the need to obtain a licence, universal service obligations, the need to have recognised qualifications in regulated sectors, the need to pass specific examinations, including language examinations and any non-discriminatory requirements that certain activities may not be carried out in protected zones or areas), even if not listed, apply in any case.

8. For greater certainty, for the European Union, the obligation to grant national treatment does not entail the requirement to extend to natural or juridical persons of Japan the treatment granted in a Member State, pursuant to the TFEU, or to any measure adopted pursuant to that Treaty, including their implementation in the Member States, to:
- (i) natural persons or residents of a Member State of the European Union; or
 - (ii) juridical persons constituted or organised under the law of another Member State or of the European Union and having their registered office, central administration or principal place of business in a Member State of the European Union.

Such national treatment is granted to juridical persons which are constituted or organised under the law of a Member State or the European Union and have their registered office, central administration or principal place of business in a Member State, including those which are owned or controlled by natural or juridical persons of Japan.

9. For the purposes of this Schedule, "ISIC Rev. 3.1" means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No. 4, ISIC Rev. 3.1, 2002.

10. For greater certainty, non-discriminatory measures do not constitute a market access limitation within the meaning of Articles 8.7 and 8.15 for:
 - (a) a measure requiring the separation of the ownership of infrastructure from the ownership of the goods or services provided through that infrastructure to ensure fair competition, for example in the fields of energy, transportation and telecommunications;
 - (b) a measure restricting the concentration of ownership to ensure fair competition;
 - (c) a measure seeking to ensure the conservation and protection of natural resources and the environment, including a limitation on the availability, number and scope of concessions granted, and the imposition of a moratorium or ban;
 - (d) a measure limiting the number of authorisations granted because of technical or physical constraints, for example telecommunications spectra and frequencies; or

- (e) a measure requiring that a certain percentage of the shareholders, owners, partners, or directors of an enterprise be qualified or practice a certain profession such as lawyers or accountants.
11. Measures affecting cabotage in maritime transport services are not listed in this Schedule as they are excluded from the scope of Section B of Chapter 8, pursuant to subparagraph 2(a) of Article 8.6 and Section C of Chapter 8, pursuant to subparagraph 2(a) of Article 8.14.

2. The list of reservations in paragraph 16 is composed of the following elements:
 - (a) the first column indicating the sector or sub-sector for which the category of contractual service suppliers and independent professionals are liberalised; and
 - (b) the second column describing the applicable limitations.

3. In addition to the list of reservations in this Schedule, the European Union may adopt or maintain a measure relating to qualification requirements, qualification procedures, technical standards, licensing requirements or licensing procedures that does not constitute a limitation within the meaning of Article 8.26. Those measures, which include requirements to obtain a licence, to obtain recognition of qualifications in regulated sectors or to pass specific examinations, such as language examinations, even if not listed in this Schedule, apply in any case to contractual service suppliers or independent professionals of Japan.

8. For greater certainty, for the European Union, the obligation to grant national treatment does not entail the requirement to extend to natural or juridical persons of Japan the treatment granted in a Member State, pursuant to the TFEU, or to any measure adopted pursuant to that Treaty, including their implementation in the Member States, to:
 - (i) natural persons or residents of a Member State or

 - (ii) juridical persons constituted or organised under the law of another Member State or of the European Union and having their registered office, central administration or principal place of business in a Member State.

ANNEX 8-C

UNDERSTANDING ON MOVEMENT OF NATURAL PERSONS FOR BUSINESS PURPOSES

Procedural commitments related to entry and temporary stay

1. The Parties should ensure that the processing of applications for entry and temporary stay pursuant to their respective commitments in this Agreement follows good administrative practice. To that effect:
 - (a) the Parties shall ensure that fees charged by competent authorities for the processing of applications for the entry and temporary stay do not unduly impair or delay trade in goods or services or establishment or operation under this Agreement;
 - (b) subject to the competent authorities' discretion, documents required from the applicant for applications for the grant of entry and temporary stay of short-term visitors for business purposes should be commensurate with the purpose for which they are collected;

- (c) complete applications for the grant of entry and temporary stay shall be processed as expeditiously as possible;
- (d) the competent authorities of a Party shall endeavour to provide, without undue delay, information in response to any reasonable request from an applicant concerning the status of an application;
- (e) if the competent authorities of a Party require additional information from the applicant in order to process the application, they shall endeavour to notify, without undue delay, the applicant of the required additional information;
- (f) the competent authorities of a Party shall notify the applicant of the outcome of the application promptly after a decision has been taken; if the application is approved, the competent authorities of a Party shall notify the applicant of the period of stay and other relevant terms and conditions; if the application is denied, the competent authorities of a Party shall, upon request or upon their own initiative, make available to the applicant information on any available review or appeal procedures; and

- (g) the Parties shall endeavour to accept and process applications in electronic format.

Additional procedural commitments applying to intra-corporate transferees and their family members¹

2. The competent authorities in the European Union shall adopt a decision on the application for entry and temporary stay of an intra-corporate transferee, or a renewal of it, and shall notify the decision to the applicant in writing, in accordance with the notification procedures under the relevant laws and regulations, as soon as possible but not later than 90 days from the date on which the complete application was submitted.
3. To the extent practicable, the competent authorities of Japan shall adopt a decision on the application for an entry visa of an intra-corporate transferee, or for an extension permit of an intra-corporate transferee, and shall notify the decision to the applicant in writing within a period of time not exceeding 90 days after the submission of a complete application or, where applicable, after the submission of a complete application relating to the entry and temporary stay prior to the application requesting entry visa as defined in paragraph 4. Where it is not practicable for a decision to be made within 90 days, the competent authorities of Japan shall endeavour to make the decision within a reasonable period of time thereafter.

¹ Paragraphs 2, 5 and 6 do not apply to the Member States of the European Union that are not subject to the application of Directive 2014/66/EU of the European Parliament and of the Council of 15 May 2014 on the conditions of entry and residence of third-country nationals in the framework of an intra-corporate transfer (hereinafter referred to in this Annex as "the ICT Directive").

4. For the purposes of this Annex, "application relating to the entry and temporary stay prior to the application requesting entry visa" means an application requesting a Certificate of Eligibility. The period between the date when the Certificate of Eligibility is issued and the date of the applicant's request for an entry visa is not included within the period of 90 days mentioned above.

5. Where the information or documentation for the application is incomplete, the competent authorities shall endeavour to notify the applicant within a reasonable period of time of the additional information that is required and set a reasonable deadline for providing it. The period referred to in paragraphs 2 and 3 shall be suspended until the competent authorities have received the required additional information.

Cooperation on return and readmission

7. The Parties acknowledge that the enhanced movement of natural persons following from paragraphs 1 to 6 requires full cooperation on return and readmission of natural persons staying in a Party in contravention of its rules for entry and temporary stay.
