On 13 May 2013, the Council imposed a definitive anti-dumping duty on imports into the Union of ceramic tableware and kitchenware (‘tableware’, ‘the product concerned’) originating in the People’s Republic of China (‘the PRC’) by Implementing Regulation (EU) No 412/20131 (‘the original Regulation’).

Given the large number of Chinese exporting producers, the Commission selected a sample to be investigated in accordance with Article 17 of Regulation (EU) 2016/1036 (‘the basic Regulation’). The Council imposed individual duty rates on imports of tableware ranging from 13.1 % to 23.4 % on the sampled companies, and a weighted average duty of 17.9 % on other cooperating companies not included in the sample. In addition, a duty rate of 36.1 % was imposed on imports of tableware from all other Chinese companies.

Pursuant to Article 3 of Implementing Regulation (EU) No 412/2013, Article 1(2) of the same Regulation can be amended by granting the new exporting producer the duty rate applicable to the cooperating companies not included in the sample, namely the weighted average duty rate of 17.9 %, where any new exporting producer of tableware in the PRC provides sufficient evidence to the Commission that:

(a) it did not export to the Union the product concerned originating in the PRC during the period of investigation on which the measures are based, that is from 1 January 2011 to 31 December 2011 (‘the original investigation period’);

(b) it is not related to an exporter or producer in the PRC which are subject to the anti-dumping measures imposed; and

(c) it has either actually exported the goods concerned to the Union or has entered into an irrevocable contractual obligation to export a significant quantity to the Union after the original investigation period,

The Commission has received a request to be granted new exporting producer treatment (‘NEPT’) and hence be subject to the duty rate applicable to the cooperating companies not
