

### **Information about a request for NEPT11-30**

On 12 July 2019, the Commission imposed a definitive anti-dumping duty on imports into the Union of ceramic tableware and kitchenware ('the product concerned') originating in the People's Republic of China (the PRC) by Implementing Regulation (EU) 2019/1198.

In the original investigation, sampling was applied for investigating the exporting producers in the PRC in accordance with Article 17 of Regulation (EU) 2016/1036.

The Commission imposed individual anti-dumping duty rates ranging from 13.1% to 23.4% on imports of the product concerned for the sampled exporting producers. For the cooperating exporting producers that were not included in the sample, a duty rate of 17.9% was imposed. The cooperating exporting producers not included in the sample are listed in Annex I of Regulation (EU) 2019/1198. Furthermore, a country-wide duty rate of 36.1% was imposed on the product concerned from companies in the PRC which either did not make themselves known or did not cooperate with the investigation.

Pursuant to Article 2 of Regulation (EU) 2019/1198, the Commission may amend Annex I of that Regulation by granting a new exporting producer the duty rate applicable to the cooperating companies not sampled or not granted individual treatment, namely the weighted average duty rate of 17,9 %, where any new exporting producer in the PRC provides sufficient evidence to the Commission that.

- (a) it did not export to the Union the product concerned during the period of investigation on which the measures are based, that is from 1 January 2011 to 31 December 2011 ('the original investigation period');
- (b) it is not related to any of the exporters or producers in the PRC which are subject to the anti-dumping measures imposed by the original Regulation; and
- (c) it has actually exported to the Union the product concerned after the end of the original investigation period or has entered into an irrevocable contractual obligation to export a significant quantity to the Union.,

The Commission has received a request to grant new exporting producer treatment ('NEPT') and hence also the duty rate applicable to cooperating companies not included in the sample by one Chinese exporting producer: **Liling Taichang Ceramics Co., Ltd. ("Taichang")**.

The Commission is currently examining this request in order to determine whether the applicants fulfil the criteria for being granted NEPT, as set out in Article 2 of Regulation (EU) 2019/1198.
