

Additional information on the lodging of complaints covered by Title One of the UE-UK Trade and Cooper

The form related to trade and sustainable development should be used to cover complaints related to: (i) Labour and social standards, (ii) Environment and climate, and (iii) Other instruments for trade and sustainable development covered by Title XI: Level playing field for open and fair competition and sustainable development.

The form related to market access should be used with respect to all other areas covered by Heading One, including (i) Competition policy, (ii) Subsidy control, (iii) State owned enterprises and enterprises granted special rights or privileges and designated monopolies, and (iv) Taxation.

Complaints on labour and social standards, environment and climate or subsidy control, may also include information relevant to the application of Article 411 [Rebalancing].
