COMMISSION DECISION

of 6 October 2005

concerning certain protection measures in relation to avian influenza in several third countries

(notified under document number C(2005) 3704)

(Text with EEA relevance)

(2005/692/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/496/EEC of 15 July 1991 laying down the principles governing the organisation of veterinary checks on animals entering the Community from third countries and amending Directives 89/662/EEC, 90/425/EEC and 90/675/EEC⁽¹⁾, and in particular Article 18(1) and (6) thereof,

Having regard to Council Directive 97/78/EC of 18 December 1997 laying down the principles governing the organisation of veterinary checks on products entering the Community from third countries⁽²⁾, and in particular Article 22(1), (5) and (6) thereof,

Whereas:

- (1) Avian influenza is an infectious viral disease in poultry and birds, causing mortality and disturbances which can quickly take epizootic proportions liable to present a serious threat to animal and public health and to reduce sharply the profitability of poultry farming.
- (2) Commission Decision 2004/122/EC of 6 February 2004 concerning certain protection measures in relation to avian influenza in several third countries⁽³⁾ suspends certain imports of poultry and poultry products from affected third countries.
- (3) Mongolia is not covered by Decision 2004/122/EC but that third country has reported an outbreak of avian influenza in wild birds. Accordingly, imports into the Community of birds other than poultry, including birds caught in the wild, from that third country should be suspended.
- (4) Decision 2004/122/EC is applicable until 30 September 2005. However, outbreaks of avian influenza still occur in the third countries referred to in Decision 2004/122/EC and in Mongolia. In view of the still

worrying situation in those third countries, protection measures are still required for imports from those third countries.

- (5) It is appropriate to lay down specific rules for the importation of birds other than poultry, pet birds and untreated feathers from Russia in a separate act.
- (6) Decision 2004/122/EC has been amended several times to take account of the evolving situation with regard to avian influenza in third countries.
- (7) For the sake of clarity and transparency, Decision 2004/122/EC should be repealed and replaced by this Decision.
- (8) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:
