ANNEX III

List of products included in the standard arrangement
referred to in Article 1(2), point (a) and in the special incentive arrangement
for sustainable development and good governance
referred to in Article 1(2), point (b)

Notwithstanding the rules for the interpretation of the Combined Nomenclature ('CN'), the description of the products is to be considered as indicative, the tariff preferences being determined by the CN codes. Where 'ex' CN codes are indicated, the tariff preferences are to be determined by the CN code and the description, together.

Entry of products with a CN code marked with an asterisk (*) is subject to the conditions laid down in the relevant Union law.

The column 'Sensitive/non-sensitive' refers to the products included in the standard arrangement (Article 6). Those products are listed as being either NS (non-sensitive, for the purposes of Article 7(1)) or S (sensitive, for the purposes of Article 7(2)).

For reasons of simplification, the products are listed in groups. Those may include products for which Common Customs Tariff duties were withdrawn or suspended.
